

## FLEXCOAT WRAP FINISHES & ADHESIVES

### “A Standard of the Industry”

F2K	HIGH BUILD KIT (2 OZ)	18.50	F2KL	LITE BUILD KIT (2 OZ)	19.25
F2S	HIGH BUILD (2 OZ)	13.95	F2SL	LITE BUILD (2 OZ)	14.75
F4Y	HIGH BUILD (4 OZ)	18.25	F4YL	LITE BUILD (4 OZ)	18.90

Kits contain 2 syringes & 5 each brush, mix cup, stir stick

In keeping with our tradition of providing rod builders with the latest advances in technology, Flex Coat is proud to introduce our new **Ultra V** formulation. **Ultra V's** unsurpassed UV protection and improved chemical stability results in unequaled clarity and brightness, while maintaining the highest durability and flexibility properties of any finish on the market today. Professionals will appreciate the extended pot life and improved self-leveling properties of these finishes. Available in our High Build and Lite formulations.

# TRONDAK U-40

“Superior Quality Finishing & Building Products”

## Color Lock **\$3.95** U40-2 (1 oz.)

A water base compound which locks in the original color of the thread, it will even maintain the original luster of gold thread.

## Fast Cast **\$11.95** U40-10 (1 oz.)

**NEW!** A high-tech line lubricant/floatant/cleaner. After wiping on, lines zip through the guides, resists salt, dirt, weeds, etc., and will float better than ever. An occasional wipe down with FAST CAST will keep your line like new for years to come.

Also works well as a fly floatant - rub into hackles between thumb and forefinger and watch the fly float high on the water!

## Ferrule Lube **\$11.95** U40-4 (1 oz.)

Ferrule Lube has no surface buildup, no interference with original tolerances and no tendency to collect dirt. The open pores of the rod ferrule, are actually filled with FERRULE LUBE, resulting in a friction free joint which fits tighter than before, but is more easily dismantled.

## LS Supreme HIGH BUILD

LS Supreme is a medium viscosity system, completely self leveling on the most complex of wraps. It is totally bubble free without the use of heat. It is resistant to Ultra Violet deterioration, and is non-yellowing in the most severe sunlight conditions.

<b>U40-502</b>	<b>2 OZ</b>	<b>\$14.50</b>
<b>U40-508</b>	<b>4 OZ</b>	<b>\$18.75</b>

**Rod Bond** A two-part, tough, durable yet flexible epoxy adhesive, made specifically for fishing rods and the unique applications that rod building requires.

<b>U40-9</b>	<b>4 OZ</b>	<b>\$12.75</b>
<b>U40-98</b>	<b>8 OZ</b>	<b>\$20.25</b>
<b>U40-932</b>	<b>32 OZ</b>	<b>\$50.50</b>

## LS Supreme

LS Supreme is a medium viscosity system, completely self leveling on the most complex of wraps. It is totally bubble free without the use of heat. It is resistant to Ultra Violet deterioration, and is non-yellowing in the most severe sunlight conditions.

<b>U40-202</b>	<b>2 OZ</b>	<b>\$14.50</b>
<b>U40-204</b>	<b>4 OZ</b>	<b>\$18.75</b>
<b>U40-208</b>	<b>8 OZ</b>	<b>\$27.50</b>
<b>U40-232</b>	<b>32 OZ</b>	<b>\$70.50</b>

## Perma Gloss **\$9.50** U40-1 (1 oz.)

The ultimate one-part urethane rod finish. For those requiring a water clear, non-yellowing finish that will outlast the rod itself in durability.

## Cork Seal **\$5.95** U40-3 (2 oz)

Cork Seal is designed to seal the surface of cork rod handles.

It prevents the penetration of soils and other foreign matter transferred to the grip area from the fisherman's hands.

## Brush Cleaner **\$5.95** U40-6 (4 oz.)

Designed for cleaning brushes used in the application of U-40 rod finishes.

Equally effective on all polymers; urethanes or epoxies, before they are cured. It will not effect cured polymers.

## SYRINGES (PAIR) – U40-8 **\$3.25**

**NEW**
